## EXPO RIVA SCHUH & GARDABAGS – WOMEN’S TRENDS

The 90s are back at Expo Riva Schuh, thanks in particular to the **army boot style**, the absolute stars amongst ladies’ footwear: comfortable and incredibly versatile, ideal for a variety of looks and the basis for creating fashionable outfits with a touch of nostalgic punk.

**Ankle boots are the must-have for the Autumn/Winter 2021 season**, from the classic, **timeless biker style**, to a come-back for **Camperos from the old wild west**, featuring long, pointed toes and snakeskin designs, as well as **padded boots**, where furry wool blends perfectly with contrasting materials to take on the coldest days of the year, yet never sacrificing style.

**Heels** are no longer merely synonymous with femininity, but also represent personality, **thanks to the most unusual geometric shapes and strong, bright colours ...** an accessory sure to add that extra touch to your outfit.

Comfortable, versatile footwear to be worn for all sorts of occasions and to show off a total 90s revival look.

## EXPO RIVA SCHUH & GARDABAGS - MEN’S TRENDS

Elegance and style feature strongly amongst the male offerings seen at Expo Riva Schuh with **lace-ups and moccasins**: timeless favourites in dark colours, to mix and match with various looks, always guaranteeing that touch of class.

**Classic ankle boots** are on trend for the 2021 winter season, together with **hiking boots with an even more fashionable design** – ideal for tackling snowy days as well as mountain paths.

Amongst the shoe designs for men, **neutral colours** such as black, brown and grey are still popular, with the occasional concession towards maroon and burgundy.

## EXPO RIVA SCHUH & GARDABAGS - CHILDREN'S TRENDS

Children's designs tend to mirror the trends for adult footwear: to keep little feet warm during the winter months, the trend is for **padded ankle boots and sneakers**, with **the addition of fun, playful elements** to liven up the look for children and get them ready to welcome the 2021 Autumn/Winter season.

The quest for comfort is achieved with children's **sneakers with velcro fastenings**, featuring imaginative elements and reference to animals or characters from their favourite cartoons.

Amongst the designs on offer for little girls, there's a crazy choice of **army boots in shiny patent leather** in vivid colours, such as shocking pink, in order to be chic and, at the same time, sporty.
